

# SOKY Earth Day Festival

*Proudly Sponsored by*

The SOKY Earth Day Festival Committee would like to personally invite you to our celebration honoring all that is “green” about South Central Kentucky. On Saturday, April 21, 2018 the SOKY Earth Day Festival will combine with the ever popular Cherry Blossom Festival for the first time, expecting to draw hundreds of participants from communities throughout South Central Kentucky and Northern Tennessee.

The SOKY Earth Day Festival is a unique event that continues to grow each year. This year the Festival will host both environmental and artistic exhibits. Well known artists from Kentucky will provide live demonstrations showcasing their unique talents. This year the combined festivals, strategic media blitz reaching the farthest reaches of South Central Kentucky along with live music, marketplace featuring Kentucky Proud products, recycling household items on site and much more is sure to draw our largest crowd yet!

Please complete the following form and mail to: Community Education, 430 S. College St., Franklin, KY 42134 or fax to 270-586-2011.
